# Innovate!

*Perform. Excel. Elevate. Innovate!*

## OUR SERVICES

### Geospatial Analysis and Data Services

We help our clients maximize their technology investments and deliver solutions that impact health, environment, science, sustainability, community, education, and research to affect positive change. We utilize geographic information system (GIS) technology to improve our clients' vision by organizing data, bringing clarity and better decision making.

From Macro analysis and reporting of weather, fire and natural disaster impacts on Government operations in the western United States, to Micro views of how students flow through a building on a University campus, Innovate is turning data into actionable information that makes lives better.

Our clients frequently seek out Innovate's expertise for difficult infrastructure mapping, licensing and permitting and other use cases where location is a major factor in decision making.

## WHY CHOOSE US

- AMONG THE TOP 3 MOST CERTIFIED ESRI CONSULTING FIRMS IN THE WORLD
- PROPRIETARY RE-USABLE ESRI COMPONENTS ACCELERATE DELIVERY OF SERVICES AND REDUCE RISK
- REFERENCEABLE CLIENTS AND STRONG CPARS ACROSS 100+ PROGRAMS
- HIGHLY CERTIFIED STAFF INCLUDING A MEMBER OF ESRI'S NATIONAL GOVERNMENT PARTNER EXECUTIVE WORKGROUP (1 OF 9)

## WHAT WE DO

**Using Esri, we transform organizations worldwide with mapping and spatial analytics technology tools that allow them to manage, analyze, and visualize data for a more complete understanding of humanity.**

**Using a requirements to adoption framework, Innovate starts by establishing specific functional goals and concludes by ensuring the technology is actually adopted by the end users.**

2 GISPs
1 ArcGIS Certification
13 sUAS Drone Pilots
1 Solutions Architect

- 2022 Esri High Potential Award
- 2020 Esri Federal Small Business Specialty Collaboration Partner Award
- 2018 Esri Federal Small Business Specialty – Innovation Partner Award
- 2015 CIO Review 20 Most Promising Public Sector Solution Providers

# PROJECT HIGHLIGHTS

**Innovate used ArcGIS Enterprise to integrate donor investment data into a dynamic dashboard in a way that increases engagement. Funding Partners can view transparent, real-time data about their sponsored projects gathered when planting the trees, enabling them to see their impact through a dynamic and interactive median.**

**Innovate serves as the Geo Integration Office (GIO) for the Joint Base Andrews (JBA) where we maintain and modernize JBA Geospatial Information and Services (GI&S) installation capabilities and ensure the successful implementation and management of the program. We utilize Esri technology to support JBA's web services and mapping needs.**

**Innovate provides the core GIS capabilities for EPA Region 9, servicing Arizona, California, Hawaii, Nevada, the Pacific Islands, and 148 Tribal Nations. We collaborated on a PFAS providing technical analysis to calculate the vulnerability of water wells in Guam; this study is currently the gold standard across the agency.**

# OUR CLIENTS

# WORK WITH US

Certifications:

- WOSB, Virginia SWaM, WBENC, Virginia DBE
- ISO 9001:2015, ISO 20000-1:2018, and ISO 27001:2015 certified
- CMMI Level 3
- HUBZone (pending)

Contract Vehicles:

- GSA Schedule IT 70 (GS-35F-0005T)
- NITAAC CIO-SP3 Small Business (75N98120D00123)
- NITAAC CIO-SP3 8(a) (75N98119D00022)
